

16.0 Messages Menu

1.1 Daily Specials:

Daily Specials or other messages for employees can be displayed on the ID Screen. They can be saved for each day of the week. To add text, go to the Manager's menu and touch Messages Menu, and then touch Daily Specials. Type the Specials on the lines and Save for each day of the week. To change the special for a particular day, simply Select the Day of the week desired, touch Remove. To add a different special add new text to the lines and press Save. The following example, shows the specials on Tuesday.

<Manager Menu – Messages Menu – Daily Special>

As shown at the ID Screen, the Tuesday Specials will appear. Touch the words “Tuesday Specials” at the top of the “chalk board” on the ID Screen to print the information displayed in the box. Different messages can be programmed for each day of the week, and saved. If no message is available for a specific day, the default message will be displayed.

< ID Screen >

1.2 Receipt Message:

Receipt Message

Line #1
Enter Your Information Here

Line #2
Store Specials

Line #3
Holiday Specials

Line #4
Change This Anytime

Day of Week: Default

Each line can have as many as 33 letters and numbers

Remove Save Exit

Customer Receipts can print up to 4 lines of information on the bottom of the guest checks. (See Receipt Below Ex. 1) Different messages can be programmed for each day of the week, and the message that prints will change at midnight. If no message is programmed for a specific day, the default message will print. Leave all lines blank to disable the printed message.

1.3 Pole Display Message

2 lines of text can be added to display a message on the pole display.

Pole Display Message

WELCOME

Line 1 7

WE HOPE YOUR ENJOY YOUR MEAL

Line 2 28

1.4 Random Messages/Coupons

This feature is used to place messages and or coupons at the bottom of a receipt.

To set this feature up, follow the steps below:

Go to Discounts Gratuity Maintenance at the Manager's Menu.
Go to the Have One on Me Menu

Type in the message desired. In my example, I want a Free Dessert to be printed.

Have One On Me

Name: Free Dessert

Access Level: Cashier

Free Dessert on your next visit

Bar Code Number: []

Remove Save Exit

Next, Go back to the Messages Menu, and then touch *Random Messages/ Coupons*

Next, name the Transaction Events. In my example, I named it Random Coupon as shown :

Transaction Events

Random Coupon

Selection By: All Registers

Transaction Frequency: 40

Timed Event: []

Select Type

Free Dessert

Free Appetiser

Start Over

This coupon will now print at All registers, or each Register, every 40 transactions (Frequency rate of choice) at the bottom of the receipt. If you want different coupons printed randomly, simply set up multiple coupons and check the appropriate boxes. As shown on the receipt below, the Free Dessert will print on the bottom of the receipt.

<Example 1>

1.5 Enterprise Messages

This allows internal emailing for Enterprise sites.
